

# Accessories packages

fast and efficient

Three different theme packages are now available for our SYSTEM FLEX and SYSTEM FLEX Light packing tables as a simple option! Ideal for your web shop and for your catalogue, these three packages offer standard requirements for the following areas: basic equipment, ergonomics and IT. All three theme packages can also be combined to obtain a fully equipped packing table that leaves nothing to be desired. Our theme packages guarantee less effort while consulting customers, and are quick and easy to order.
