➤ Take it to **new heights**

We offer a wide selection of height-adjustable table frames. Freely configurable with an electric motor or gas spring. We offer competent advice and will gladly accommodate your individual wishes.

Naturally, this all goes hand in hand with technical expertise, flexibility and constant product innovations. Many reputable companies from various sectors are in our customer base. You will also find our products all over the world on cruise ships, in football stadiums, fast food chains, coffee roasters, hotels, banks, museums, parliaments, airports, at trade fairs, in offices and private homes.

> **We won't let you down**

We are happy to fulfil individual requirements regarding height or diameter of tubing. Nearly all our table frames can be fitted with a cable duct. Necessary drill holes can either run through the entire frame or if desired through the standing tube.

> **The perfect foundation as a base for your requirements**

> **Everyone can do standard – we take your furnishings to a new level**

You will find the fitting table frame in the highest quality and stability.
